Title: METHOD AND CONTROLLER FOR THE ADAPTIVE CONTROL OF AT
LEAST ONE COMPONENT OF A TECHNICAL PLANT

Attention: Office of Petitions
Commissioner For Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

RENEWED REQUEST FOR RECONSIDERATION OF
PETITION FOR REVIVAL OF AN APPLICATION FOR PATENT ABANDONED
UNAVOIDABLY UNDER 37 CFR 1.137(a)

In accordance with 37 C.F.R. § 1.137(a) and MPEP 711.03(c), Applicants respectfully submit this renewed request for reconsideration of its earlier petition to revive the above referenced application (filed February 20, 2007) and request for reconsideration (filed May 1, 2007).

The request for reconsideration was dismissed because "as shown by the accompanying copy of the docket record received by the Office, the copy of the docket record is illegible. Accordingly, the Office is unable to corroborate the facts as alleged by declarant." Page 3 para 3.

Applicants respectfully resubmit a pristine copy of the two-page docket record (Exhibits A and B) and respectfully note that the previously submitted copy of the docket record was also submitted in similarly pristine condition. Applicants theorize that the previously submitted docket record may have been unintentionally blackened or wrong-side scanned during the Office's electronic conversion process. In any event, Applicants respectfully request permission to email the two-page docket record in the event the Office finds the resubmitted pristine copy unacceptable.

Therefore, Applicants respectfully request the Petition office to reconsider and grant Applicants petition for revival of an application for patent abandoned unavoidably under 37 C.F.R. § 1.137(a).

The commissioner is hereby authorized to charge the petition fee set forth in 37 CFR 1.17(m) and all other require and appropriate fees due in connection with this paper to Deposit Account No. 19-2179.

Respectfully submitted,

Dated: 8/2/07
